

Cerritos Chamber Expands Regional Efforts

By: Catherine Gaughen, Executive Director

We are fortunate to live and work in a region where local communities are thriving - with strong leadership, a sound economic base, and unique and diverse business environments. However, it is critical that these surrounding communities have a strong Chamber of Commerce to help preserve the existing economic structure and to help promote the enhancement of a strong and diverse economic base. After 44 years of serving the business community in Cerritos and the surrounding communities, the Cerritos Regional Chamber of Commerce is expanding its regional efforts. This past month the Chamber formalized an agreement with the City of Hawaiian Gardens to provide business development services and resources to the business community of Hawaiian Gardens. Since Hawaiian Gardens does not currently have a Chamber of Commerce, the Cerritos Regional Chamber will work with the City in providing support, resources, services, and opportunities for all existing and prospective businesses in that region. The Chamber continues to have a long-standing relationship with the City of Cerritos and will continue to provide numerous services and resources to the business community and residents in the City of Cerritos.

Currently representing member businesses from over 31 surrounding cities, the priority objective of the Cerritos Regional Chamber is to help create and sustain successful business ventures that will benefit the economic vitality of the entire region. Recognizing that the local business community is regional and not bound by city or county lines, it is critical that the Cerritos Regional Chamber help preserve the existing economic structure and to help promote the enhancement of a strong and diverse economic base for the entire region.

In March of 2006, the Chamber's Board of Directors approved the addition of "Regional" to our name to signify the Chamber's direction and vision as a regional leader. Although our name changed, our mission remains the same: To promote and foster the economic vitality and quality of life in the region by being an accessible resource to not only our Chamber Members, but to the entire community. The Chamber strives to promote and enhance the commercial, professional, economic, educational, cultural and environmental well being of participating communities through a myriad of programs and activities, which include legislative advocacy, economic development campaigns, partnerships with local educational institutions, business development opportunities and "member-only" benefits and services.

As a regional organization, one of the main goals of the Cerritos Regional Chamber of Commerce is to assist local communities in prioritizing economic development and sustainable business development, primarily small business development, retention, recruitment, and growth. The Chamber plays an integral role in sustaining existing businesses and helping them grow and succeed (retention), as well as developing and attracting new businesses to help sustain our existing business climate (recruitment).

Mentors Needed to Help Students Read

The Cerritos Regional Chamber of Commerce, in partnership with the ABC Unified School District, is pleased to invite you and your employees to participate in the Chamber's **APPLE Program**. **APPLE** (*Advancing Professionals' and Pupils' Learning Experiences*) is a program founded by the Chamber's Business and Education Council, in partnership with the ABC School District's RISE Program (*Reading Involves School Employees*). The purpose of APPLE is to encourage employees to allow their employees to volunteer in K-12 classes in the ABC School District once a week for 1 hour to help improve reading and comprehension skills and to provide individual tutoring. The goal of this innovative program is to bring business, education, and community leaders together to build a quality workforce.

Surveys show that most employees would like to volunteer in the community, but are unable to because of their busy work and personal schedules. By allowing your employees (and yourself) to volunteer their time – on company time – once a week, the children will benefit from the increased attention and mentors, your business and employees will benefit from the positive effects of volunteering, and ultimately the business community will benefit from the business-education partnership with a more skilled and educated workforce.

If you would like to get involved in the APPLE/RISE Program, please authorize your employees to attend a special one-time orientation on **Wednesday, March 21, 2007 from 11:30 am – 12:30 pm** at Carmenita Junior High Multi-Purpose Room, 13435 East 166th Street., Cerritos. A complimentary lunch will be provided.

You are encouraged to send as many employees as you would like to participate in this program. Employee volunteer schedules will be customized to each volunteer's desired age and class level, preferred time period, and requested school.

Please RSVP to Ann Griffo at the ABC School District for the orientation: 562/926-5566 ext. 21146. If you have any questions or would like additional information about the Chamber's APPLE Program, please contact Catherine Gaughen at the Cerritos Regional Chamber of Commerce at: 562/467-0800.

Stephanie Yu Crowned 2007 Miss Cerritos

The 2007 Miss Cerritos Scholarship Contest was held on January 31st at the Cerritos Center for the Performing Arts. The Miss Cerritos Contest is not a pageant; it is a professional opportunity for young women. The Chamber seeks professional, outgoing, responsible, articulate young women to represent the Chamber as an Ambassador for one year. Contestants are judged on their poise, attitude, social skills, and professionalism. Of the six talented and enthusiastic contestants vying for the honor of Miss Cerritos, Stephanie Agudo was honored with the title of Miss Cerritos Princess, while Stephanie Yu was crowned the new 2007 Miss Cerritos. The event was sponsored by Hawaiian Gardens Casino, who provided a wonderful array of appetizers and desserts, and the Patina Group, who hosted the popular Coffee and Hot Chocolate Bar.

A Message from LA County Supervisor Don Knabe

Los Angeles County Supervisor
Don Knabe

Friends of the Fourth District:

Imagine a Fortune 500 company that did not have a Chief Executive Officer (CEO) within its corporate structure. Rather than a single leader at the top of the organization, dozens of division heads report directly to the corporation's Board of Directors instead of to a CEO. Instead of that Board being singularly focused on setting policy and direction for them they must also narrowly focus their attention on the day-to-day business of running the

company. Frankly, it's a scenario that does not work. That's why you have CEO's to run the daily business of companies in Corporate America. Therefore, one would think a strong CEO would also exist in Los Angeles County, America's largest County.

With over 90,000 employees and an annual budget of over \$20 billion, Los Angeles County rivals the size of any of our nation's largest businesses. Yet, under our existing structure, our equivalent of a CEO, the Chief Administrative Officer (CAO), has

limited authority. The directors of the more than three-dozen County departments do not report to the CAO. Instead they report directly to the Board of Supervisors. As a result, 39 different department heads report directly to the Board and in turn, those 39 department heads have five different bosses.

The time has come to empower the CAO with the responsibilities and oversight of the daily operations of the County. That is why I have recently introduced a proposal to create a much stronger Chief Administrative Officer. My recommendation calls for a Charter Amendment to the County Code to be placed before the voters during the next countywide election in June 2008. The Amendment would do the following: transfer to the CAO the authority for hiring, firing and disciplining of department heads, establish that non-elected department heads will report to the CAO, establish a clause that guarantees the Board of Supervisors will not interfere with the CAO, and change the name of the position to "Chief Executive Officer."

This proposal represents good public policy for Los Angeles County and provides a clear and efficient chain of command and accountability. By giving our top administrator more power to run the day-to-day business of County agencies, it ensures the Board of Supervisors can remain fully focused on the interests of the taxpayers and citizens they represent.
